WhatsApp

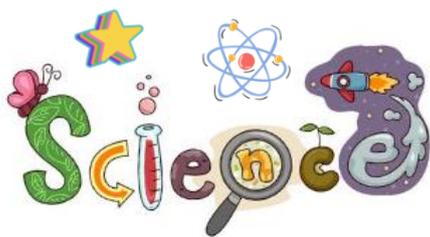

It's a description of encryption proscription! The world's most popular instant messaging service, WhatsApp has been appearing in the headlines even more often than usual recently over its opposition to aspects of the UK government's Online Safety Bill.

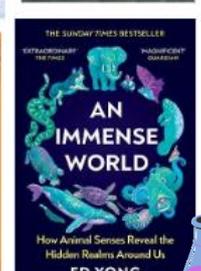

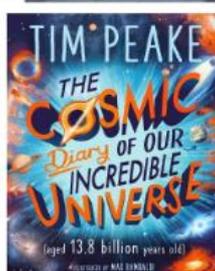

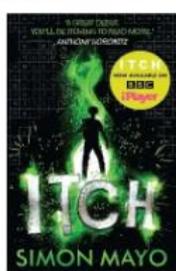

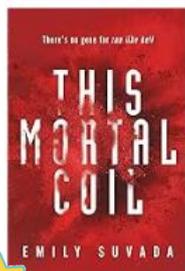

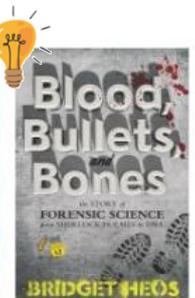

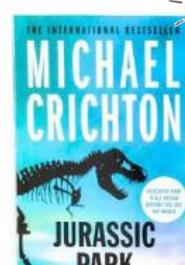

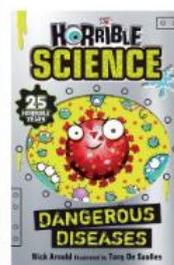

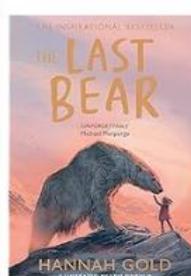

Encrypting messages to protect users' privacy has undeniable merit, but it also poses obvious risks – especially to young people. Updated to reflect the newest version of WhatsApp, the guide attached to this newsletter brings you the latest essential information.

School Photos

On Wednesday 27th September, all students (Years 7 - 11) will be having individual photos taken in the school hall. Students will be collected from their lessons during the morning to have their photo taken.

House Competition

On your Science classroom you will find some recommended reading for books involving STEM. Mrs Cooper will be running a House Competition all year until 30th June.

To enter, simply read one of the books on the list and write a quick review on the Google form. You can enter more than once and the best reviews will receive a small prize!
