

# Windsor High School and Sixth Form Recovery Premium Strategy 2021-22

As a school we have continued to support all our students through the COVID-19 pandemic. Building on some successful catch-up ideas from 2020-21 we have carefully planned our recovery premium strategies to maximise student academic and personal potential. Below is a summary of our key support:

How will the grant be spent?	How will we assess the impact on educational attainment?
Accelerated Learning intervention including Lesson 8 after school support for all Year 11 students	Examination performance compared with national data and across the Trust
Registration revision programme and resources to support exam classes in Year 11 and 13	
Easter subject support boosters for Year 11 and 13	
Evening School for Year 13 students to support learning	
Breakfast tutoring for Year 11 and 13 identified students	
Study skills resources for all students in KS4	
External study skills providers for identified students in Year 11	
Exam board experts providing specific study support for targeted students in Year 11	
National Tutoring Programme - Maths and Science academic tutor to support disadvantaged and struggling students in all years	Examination performance compared with national data and 'end of cycle' Key Assessed Task data compared across the Trust
Bespoke careers advice for target students in Year 10 and 11	
ALPS - accelerated learning groups for English and Maths students in Key Stage 3	Identified student 'end of cycle data' will be analysed
Behaviour for learning mentoring for students identified as needing vital support in this area in all years	Identified student data for attitude to learning, behaviour and attendance will be analysed
Parental news updates communication for Year 11 parents	
Saturday Schools for literacy and numeracy in Year 8 for targeted students	Identified student data for attitude to learning, behaviour and attendance with 'end of cycle data' will be analysed
Accelerated reader programme	
Enrichment support funding to encourage all students to experience out of lesson learning
